The Brand Library Art Galleries is pleased to present the exhibition ***Photo-Chimera***, featuring more than 60 works by 10 Southern California artists:

Nicole Belle ~ Angela Damos ~ Nicholas Fedak II ~ Dona J. Geib
~ Robert Koss ~ Lesley Krane ~ Lis J. Schwitters ~ Don Suggs
~ Arlene Vidor ~ Tal Yizrael

Works of art in this unique exhibition challenge the popular expectations of photography as a reproductive, objective and even two-dimensional art form. Each of the photographers represented in the exhibit is actively engaged in changing and expanding the medium, combining advances in technology with the creative impetus to explore new and expressive ways of seeing.

Photo-Chimera is curated by Gloria Williams Sander a Glendale resident and curator at the Norton Simon Museum in Pasadena.
